

Avignon is a premier upholstery leather with a pure aniline finish. It is a sophisticated, untreated material that is meant to wear in and become more beautiful with time and use. Its smooth glazed surface is achieved through the use of natural waxes and oils that allow the leather to breathe and organically develop unique patinas. Averaging 55–60 square feet, Avignon’s hides ensure larger cut sizes and improved yields.

### PERFORMANCE

Avignon is a gorgeous naked leather with a soft buttery hand and smooth surface. As an untreated material, natural characteristics will be visible and add to this sophisticated leather’s complexity, as it softens and wears in over time.

### FLAME RESISTANCE

Cal Tech. Bulletin 117      UFAC/NFPA 260      DIN EN 1021 I+II

### CARE/CLEANING

Use damp cloth to remove dust on a regular basis. Wipe spills and markings as quickly as possible and clean with a damp cloth using a non-alkaline soap. Never use saddle soap, solvent or abrasives.
