

Jamie Stern's Canyon is a classic embossed leather featuring a prominent grain and a sophisticated glazed finish. Produced on sides (half hides), this article is embossed with maximum pressure, dwell and heat to ensure that the leather's precise pattern is consistent and even throughout. After this print is applied, the sides are then colored with a protective semi-aniline finish before receiving a second clear topcoat to accentuate the grain. This artisanal finishing process lends the leather a greater sense of depth and richness that will look timeless and elegant in any of its four standard colorways. Produced exclusively in our New York finishing plant, Canyon is a leather that is sure to impress in any space or application. Please inquire about custom color availability.

SPECIFICATIONS

Content	Full Grain or Corrected Top Grain Cowhide
Country of Origin	Finished in the USA from European raw material (full grain) or South American raw material (top grain)
