

Jamie Stern's Distressed Shimmer is a striking foil-on-suede featuring a subtle contrast of colors and a seemingly random, organic pattern that adds a sense of depth and complexity to any project. Ideally suited for low traffic applications and decorative accent work, this article has been used to upholster everything from wall panels and throw pillows to ottomans and the backs of barstools. Its three signature colorways, Burgundy, Black and Brown, are produced on Italian suede splits which receive foil transfer patterns that create an unforgettable texture while retaining a timeless, soft hand.
