

PLAID

Jamie Stern's Plaid is a glittering foil-on-suede that boasts equal measures of high style and time-honored tradition. Rooted in tartan plaid patterns, these splits are brought to life in bright, striking metallics that create a bold contrast against a background of dark suedes. Ideally suited for low traffic applications such as wall panels, accessories, throw pillows and the upholstery accents on chairs and stools, this is a quality that is sure to catch the eye in any space. Available in four dazzling colorways, Plaid seamlessly melds the supple feel of suede splits with the irresistible luster of metallic foils. Please inquire about custom capabilities.
