

Jamie Stern's Shimmer is a brilliant foil-on-suede featuring a seemingly random, organic pattern that draws the eye with its bright metallic luster and contrasting undertones. Ideally suited for low traffic applications and decorative accent work, this article has been used to upholster everything from wall panels and throw pillows to ottomans and the backs of barstools. Its signature colorways include Gloss, Cognac and Pavo Blue. All three hues are produced on Italian suede splits which receive foil transfer patterns that visually elevate any project while retaining a timeless, soft hand.
