

A sister product to Jamie Stern's traditional Corduroy print, Small Corduroy is also a classic embossed quality featuring a vertical linear pattern, but with a tighter design and a greater sense of geometric precision. Produced on sides (half hides), this article is embossed with maximum pressure, dwell and heat to ensure that the leather's pattern is consistent and even throughout. After this print is applied, the sides are then finished with a semi-aniline topcoat to create an even coloration and protect the leather from scratching, staining and fading in sunlight. Produced exclusively in our New York finishing plant, Small Corduroy is a leather that is sure to impress in any space or application. Please inquire about custom color availability.
