

Jamie Stern's Stingray is a brilliant foil-on-suede featuring a bold contrast of colors and a naturalistic pattern inspired by the flat fish from which it draws its name. A sister product to our Shagreen leather, it is ideally suited for low traffic applications and decorative accent work, this article has been used to upholster everything from wall panels and throw pillows to ottomans and the backs of barstools. Its signature colorway, Blue Black, is produced on black Italian suede splits which receive a foil transfer pattern that creates an iconic texture and a rich sense of depth while retaining a timeless, soft hand.
